

# EZ Trough Solid Tray

- EZ Trough solid tray is the ultimate in protection for your next wiring installation.
- Hot dipped galvanized before fabrication (pre-galv.) for corrosion resistance. For custom colors, please contact your Cablofil representative at 800-658-4641.
- Use PH 1/4 bolts and HB2/HB4 corner splices for assembly (sold separately).
- Available in 2" or 4" depths.
- Available in 6" or 12" widths.
- Available only in standard 10' lengths.

Our part number makes it easy to identify trough width and depth.

GBS 2 / 6

Width in inches  
Depth in inches

Part #	Description	Depth in.	Width in.	lb.	Pk. qty.
GBS 2/6	EZ Trough Solid Tray	2"	6"	9.63	1
GBS 2/12	EZ Trough Solid Tray	2"	12"	22.12	1
