

# EZ Trough Perforated Tray

- Perforated design allows better ventilation for wiring.
- Hot dipped galvanized before fabrication (pre-galv.) for corrosion resistance. For custom colors, please contact your Cablofil representative at 800-658-4641.
- Available in 2" or 4" depths.
- Available in 6" or 12" widths.
- Available only in standard 10' lengths.

Our part number makes it easy to identify trough width and depth.

HPSP 2 / 6
